

Best CoWorking Space

This category is open to incubators and co-working facilities that recognise the economic challenges facing new companies. They will provide reasonable market rents, shared services and technical assistance to start-ups and early-stage companies. The winner of this award will highlight its supportive start-up ecosystem and a culture of community that accelerates growth and nurtures innovation.

Background

- Year established in Ireland.
- Number of members per space.
- Explain what is unique about your space compared to others.

Thought Leadership

- Please describe the ways in which your Co-Working space has helped Start-Ups and Early-stage companies advance and grow while using your facilities.
- Describe the services you offer your community members to help them develop their relationships with each other.
- Define how your culture and values attract new perspective members, and what you do to achieve long term business from these members.

Design

Describe the design of your Co-Working space and how this encourages discussion and collaboration among members. How has the design attracted new business and how does it create a sense of community.
